Sabbir Hossen

Electrical & Electronic Engineering Student at DUET | Proficient in Circuit Design & Simulation | Skilled in MATLAB, AutoCAD & Proteus | Passionate About Embedded Systems & Innovation.

Gazipur District, Dhaka, Bangladesh

Summary

I'm Sabbir Hossen, an aspiring Electrical and Electronic Engineer (EEE) currently studying at Dhaka University of Engineering and Technology (DUET). My journey combines a strong interest in technology, coding, and web development with a passion for creativity, music, and storytelling.

I thrive on problem-solving and continuous learning, whether that's building projects in IT services and AI for education, creating content for platforms like EEE Insights and জ্ঞান সভা, or producing music under MKSR Record.

What I bring

Technical foundation in EEE & Circuit Simulation

Skills in Web Development & Programming

Creative experience in Music, Acting & Digital Content

Passion for AI, Education & Knowledge Sharing

I aim to bridge technology and creativity, delivering solutions that make a positive impact. Always eager to collaborate, learn, and contribute to meaningful projects.
